Done. Let me know if there are additional people who need access to these or any other folders (or if anybody is having issues with access).

Hi TJ,

Theoretically a specific folder can be shared with a specific person but I'm not 100% sure that you can do that, or if I need to do that (since I created the folders). In any event, I'm happy to help if you want to give me a list of the people/their email address and the folder they need access to.

Hi Ann

BLM has the most to tackle with this assignment and to help with gathering the information I just want to be sure I can shared a link to a specific folder to the managers and/or our state leads to help populate with the requested documentation.

To keep from getting confusing documents I like to be able to direct access to our manager of each unit their folder only. I just want to know how best I can manage these folders to assure we are gathering the most information in a timely fashion.

Thanks for any direction.

Ann Miller has invited you to **contribute to** the following shared folder:

National Monuments Review Data Call

Hi all,

Sorry but I had shared a folder for a particular monument and not the overarching folder with all of the monuments. This should be the right one and you should see a list of folders with one corresponding to each monument. My apologies for any confusion!
